*Böhler brand informative, the stored material may also be merchandise from other manufacturers.

WL: Material performance sheet

SERVICES

Materials on request:

Titanium Gr 4, Gr 9, Gr 11
Zirconium ZR 702, ZR 705
Molybdenum
Tantalum
Tungsten

From stock:

Thanks to our warehouse, we can fulfil your material requirements with short delivery times and low purchase quantities.

Forging:

Our forging material enables you to produce your product as a ring or forged. Short delivery times available.

Processing:

Our modern machinery offers customised processing options, e.g:

- Sawing bars
- Waterjet Cutting
- Machining

Certificates and Approvals

- EN 9100 / EN 9120 Aerospace
- ISO 9001
- Pressure Equipment Directive DGRL / PED
- Various customer approvals
